Bay Area Wedding DJ Northern California Wedding Music: Bay Area Wedding DJ – San Francisco Wedding DJs – Northern California Wedding Music:

The role of your wedding DJ is to play the music you and your guests want at your wedding reception. & The DJ /MC Master of Ceremonies should also make all & formal announcements during your wedding reception. A stylish well presented DJ is favorite and someone who looks like they care about you! .

<https://californiadiscjockey.com/weddings-bay-area/>

Before you hire a wedding DJ let me tell you they can talk all about sound systems, lights and past successes.... but will they also talk about their bad testimonials?.No, of course not! Perhaps they may use a terrible practice called “bait and switch”... This is where a DJ sells him or herself to you then sends a replacement at the last minute. Tacky and very likely to spoil your special day. Make sure you have a contract. Check testimonials... Do some research... and Beware!

Let’s face it anyone can be a DJ but are they the right DJ for your special event?.
