What Constitutes Wrongful Death in Huntsville?

Wrongful death occurs when a person dies as a result of the negligence, recklessness, or intentional act of another. In Huntsville, and broadly in Alabama, wrongful death claims are governed by specific state laws that outline who can file a claim and what damages may be awarded.

Key Elements of a Wrongful Death Claim

1. Negligence or Intentional Harm: The plaintiff must prove that the death was caused by the defendant's negligence or intentional actions.
2. Causation: There must be a direct link between the defendant's actions and the death.
3. Damages: The death must have caused quantifiable damages, such as financial loss or emotional suffering.
