Address: 9101 W. Sahara Ave. STE 107 Las Vegas, NV 89117, STE 107 Las Vegas, Las V

Price: Free

Nail salon: A hot stone pedicure is a luxurious but therapeutic treatment procedure with a lot of benefits. Some smooth and hot stones are placed under the feet by following some specific rules. As the reflex points of nerves are available under the feet, they penetrate the organs related to it and make them active to perform better. At the same time, it rejuvenates the entire nervous system of the body which makes you feel active, refreshed, and inspired. This way, a hot stone pedicure offers mental and physical benefits.
