Address: **5275 N Ann Arbor Rd, Dundee, MI 48131, United States, Ann Arbor, Ann Arbor**

Price: **Free**

Loader Railcar Mover - Mitchell-Railgear: The rail wheels feature a friction drive hub that engages with the tires, translating tire rotation into rail wheel movement. This mechanical friction drive system excels in reliability, utilizing the road axle drive line system and braking system for propulsion and braking. On the rail, an articulated frame is hydraulically locked to maintain precise alignment between the front and rear rail wheels. For more information you can visit our website : <https://www.mitchell-railgear.com>.
