Address: **Advance**

Price: **Check with seller**

furniture product development: Expand your indoor range with a furniture manufacturing partner with a proven history of producing top selling designs. For over 15 years, Deep Green Design has provided original designs, private-label, OEM, and Deep Green Design-brand products to home retailers and furniture brands globally. We are headquartered in Hong Kong, with additional offices in Dubai and China. We are a team of experienced supply chain experts, designers, and collaborators that got together in 2008 to build a robust product development process in the furniture industry. Through the years of partnering with retailers, we have gained great understanding of local markets around the globe. Our "market-intimate approach" fuels our inspiration for designs that resonate with our clients' customers, setting them apart from their competitors and establishing their brand identity.
