Surplus Street Legal Electric Moped/E-Bike Auction Open to the Public: Surplus Street Legal Electric Moped/E-Bike Auction - Open to the Public

One of the largest electric powersport importers in the US is liquidating surplus inventory to make room for new 2025 models. This unique auction offers over 500 electric mopeds and E-bikes, including new in crate, used, and parts/repair models, available for online bidding with live previews.

Auction Details:

Items: Over 500 Street Legal Electric Mopeds and E-Bikes

Condition: Many vehicles are in nearly-new condition.

Included: Bill of Sale, Manufacturer Certificate of Origin (MCO), Cargo Box, Portable Plug In Battery, and Battery Charger unless otherwise noted. Some vehicles have CA DMV Registration.

Special Note: E-bikes and vehicles with speeds under 20 MPH typically do not require a driver's license or registration in most states. Please consult your local DMV for specific regulations and restrictions.

Features: Unless otherwise noted, all models available are street legal and feature a removable battery that you can easily take out and charge with a standard outlet—no need to plug the entire vehicle in. Double your distance with a spare second battery!
