Clean Water Charity For Needy People - Join Hands To End Water Crises! - DONATE NOW!: We are on a mission to provide one million people living in water-scarce regions with lasting clean water solutions and making legitimate water charity accessible in Pakistan,

At Ek Plate Biryani, we are more than just another clean water charity in Pakistan. As a non-profit organization, we focus on impactful projects that directly address water scarcity in Thar by installing deep well hand pumps.

Unlike many charity organizations in Pakistan, we emphasize sustainable solutions tailored to the unique challenges of the Thari landscape, ensuring that communities have reliable access to clean and safe water. Your donations are vital to our mission.
