Hi! My name is Ananya, and I'm the founder of ClientsForCoaches. Me and my team work with Coaches and Consultants and we help them build their marketing + sales systems.

Here is what we do — We help them develop a 30-35 minute video that runs on automation using ads.??

??

Then train them or their sales team to close a minimum of 1 out of 5 people they talk to.

??

As a result, these business owners get to work with their dream clients (whenever they want ...at whatever rate they desire).??
